Instructions to complete the Leather and Copper Feather Bracelet

Step 1

Measure the size of your wrist. You can use our bracelet sizing chart as a guide for a good fit. Cut your leather to the correct length, allow a little extra. You can always trim this off before the final gluing of the clasp.

Step 2

Slide the copper feather slider onto the leather, and glue one end of the clasp to the leather. Leave to dry.

Step 3

Retry the bracelet on for size and trim off any excess leather if needed. Glue the other end of the clasp to the leather and leave to dry.

Position the copper feather slider in the centre of the bracelet.

You have now made yours Leather and copper feather bracelet!
