### **Instructions to complete the Earrings**

#### **Step 1**

Using your flat nose and bent nose pliers open the top of the jumpring on each of your tassel and attach the tassel through the hole on your Tierracast Ethnic ring fan. Then using your pliers close each jumpring.

## Step 2

Using this method continue to attach five tassels to each of the ring fans.

To complete Style One Earrings open the loop on your silver earwire and attach the Earring to the loop. Close the earwire loop.

You have now made yourself a pair of earrings.

To complete Style Two Earrings follow steps 1 and 2 then -  
Apply a small amount of glue into the base of the silver bezel post, place the 12mm glass cabochon into the bezel tray. Gently press on the cabochon insuring the bezel tray adheres. Leave to completely dry. Open the 6mm jumpring with your pliers and attach your bezel earpost and Tierracast Ethnic ring fan, then close the jumpring. You have now made yourself a pair of earrings.

To complete Style Three Earrings follow steps 1 and 2 then -  
Open the 6mm jumpring with your pliers and attach your Lotus earpost and Tierracast Ethnic ring fan, then close the jumpring.  
You have now made yourself a pair of earrings.
